

AMC Internet CME Requirements

Release Date: January 1, 2021

Expiration Date: January 1, 2022

Estimated time to complete activity: 8.0/4.0 hours for ACLS and PALS certification/recertification
4.0/2.0 hours for BLS certification/recertification

To contact the Postgraduate Institute for Medicine please visit www.pimed.com.

Target Audience

Our certified courses have been designed to meet the educational needs of health care providers involved in the care of patients in cardiac arrest.

Educational Objectives

The distinct educational objectives that each certification adheres to can be found below. After completing this activity, the participant should be better able to:

- Identify and explain respiratory arrest and cardiac arrest until termination of resuscitation or immediate post-cardiac arrest care
- Recognize the appropriate life support algorithm upon recognition of specific needs of patient in acute life-threatening situation
- Demonstrate a working knowledge of the types and dosages of medications commonly used
- Practice efficient communication and performance methods working as a member within, or a team leader of, a resuscitation team
- Employ competence in Basic Life Support (BLS) care, including proper administration of CPR and proper use of an automated external device (AED)
- Apply appropriate care and counsel for patients and their families

Faculty

Dr. Karl Disque, D.O. RPh and Kim Murray, RN, M.S.

Joint Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by the Postgraduate Institute for Medicine and Advanced Medical Certification. Postgraduate Institute for Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing

Center (ANCC), to provide continuing education for the healthcare team.

The Postgraduate Institute for Medicine designates this enduring material for a maximum of 4.0 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Credit Designation for BLS Recertification

The Postgraduate Institute for Medicine designates this enduring material for a maximum of 2.0 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure of Conflict of Interest

Postgraduate Institute for Medicine (PIM) requires instructors, planners, managers and other individuals who are in a position to control the content of this activity to disclose any real or apparent conflict of interest (COI) they may have as related to the content of this activity. All identified COI are thoroughly vetted and resolved according to PIM policy. PIM is committed to providing its learners with high quality CME activities and related materials that promote improvements or quality in healthcare and not a specific proprietary business interest of a commercial interest.

The AMC faculty, Dr. Karl Disque, D.O. RPh and Kim Murray, RN, M.S., hereby state that they or their spouse/life partner have no financial relationships, relationships to products or devices, or other commercial interests related to the content of this CME activity of any amount during the past 12 months.

The PIM planners and managers have nothing to disclose. The planners and managers from AMC have nothing to disclose.

Disclosure of Unlabeled Use

This educational activity may contain discussion of published and/or investigational uses of agents that are not indicated by the FDA. The planners of this activity do not recommend the use of any agent outside of the labeled indications.

The opinions expressed in the educational activity are those of the faculty and do not necessarily represent the views of the planners. Please refer to the official prescribing information for each product for discussion of approved indications, contraindications, and warnings.

Disclaimer

Participants have an implied responsibility to use the newly acquired information to enhance patient outcomes and their own professional development. The information presented in this activity is not meant to serve as a guideline for patient management. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications and/or dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities.
